## Operation manual

The following is a brief description of how to operate the new quiz collection form.

The screenshot shows a Windows-style dialog box titled "Edit Quiz Collection Information". The dialog has a title bar with a close button (X) and a help icon (question mark). The main content area is divided into three sections: "Quiz Collection Name", "Explanation Text", and "Note".

- 1** points to the title bar.
- 2** points to the "Quiz Collection Name" text box, which contains the text "FOOTBALL".
- 3** points to the "Explanation Text" text area, which contains the text "This is a collection of quiz about football.This collection is an automatic generation of quiz data from external Excel data using the import function.".
- 4** points to the "Note" text box, which contains the text "Import data from football dictionary data".
- 5** points to the "OK" and "Cancel" buttons at the bottom.

Below the "Quiz Collection Name" text box, there is a note: "In the Excel sheet name, TBL\_ is added to the beginning of the input data. (acquired)".

Below the "Explanation Text" text area, there is a note: "Please enter a explanation text so that you can understand what the question collection is like.(optional)".

Below the "Note" text box, there is a note: "Please enter a note.(optional)".
